

National Narcotics Officers' Associations' Coalition

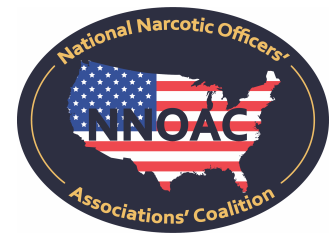

2025 Partnership Prospectus

The National Narcotics Officers Associations' Coalition (NNOAC) comprises representatives from state narcotics officers associations, the Regional Information Sharing System (RISS), National HIDTA Directors Association, National Alliance of State Drug Enforcement Agencies and the territory of Puerto Rico representing more than 55,000 law enforcement officers across the country. The NNOAC actively researches, monitors and supports legislative initiatives to increase the effectiveness of narcotics enforcement and law enforcement in general and functions as an umbrella organization coordinating the efforts of the state associations working through their congressional delegations to ensure a unified voice on domestic and drug-related crime issues in Washington, DC.

The NNOAC partners program attracts companies interested in legislative support on relevant issues, subject matter expertise in the areas of narcotics enforcement and impairment and exposure to a nationwide audience to position products and services. NNOAC offers attendance, networking and speaking opportunities at its annual Delegates meeting, advertising and articles in its publication *The Coalition* and individualized programming to complement partner objectives. We offer three tiers of participation or can develop an entirely customized program.

The 2025 NNOAC Annual Delegates meeting is scheduled for February 3 – 5 at the Hilton Washington Hotel in Washington, DC. We welcome your participation.

Please contact Laura Milford at lmilford@nnoac.com or 858.602.6050 to discuss partnership opportunities.
